

***Blue Ribbon Panel on Evaluating Community-based  
Health Disparities Prevention Programs***

**Qualifications for Blue Ribbon Panel Members**

Individuals nominated for membership on the national Blue Ribbon Panel should have one or more of the following characteristics:

- a. Have designed or conducted evaluation components of community-based programs related to one or more of the following priority health areas: HIV, diabetes, infant mortality, breast/cervical cancer screening, child/adult immunization, and/or cardiovascular disease.
- b. Have at least two years of practical experience in communities working on community-based prevention programs.
- c. Have achieved national recognition for expertise in evaluating community-based public health programs (e.g., publications, invited lectures, etc.).

In addition, nominees for membership on the BRP must be willing to:

- Commit to a 3-year appointment (extendable to 6 years)
- Attend all meetings (approximately quarterly) and work between meetings with BRP committees (generally via electronic mail).

**Compensation**

BRP members will receive reimbursement for travel expenses associated with meeting attendance, and may receive compensation for other project support activities. The BRP activities will be coordinated and facilitated by project staff associated with the University of South Carolina School of Public Health, the South Carolina Department of Health and Environmental Control (SC-DHEC), and the Centers for Disease Control and Prevention.
